

Dear Ladies and Gentleman,

Dear Public,

Dear Friends.

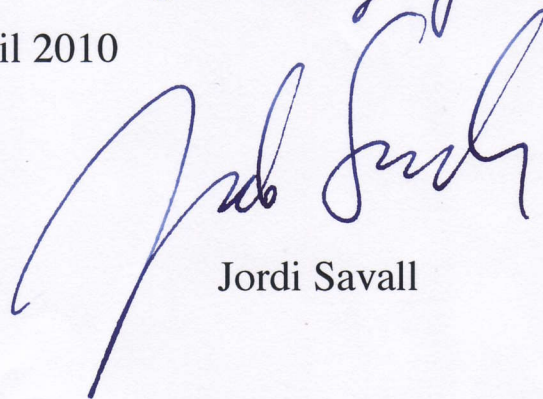

We are very disappointed, to be forced to cancel our Concert in Riga. The air traffic situation, is still very confuse and chaotic, due to the consequences caused by the Iceland volcano, and because there is no guarantee of a normal operability on the airlines, these makes impossible for us to travel to Riga in time and safe conditions.

We are terribly sorry for this inconvenience, because we have expected very much to do this concert in Riga. In order to resolve the problem, we are working very close with the festival to find another date to come to Riga and perform this concert with safe travel conditions.

We will be very glad to come to Riga during the next November and I also will be happy to see all you there.

*Sincerely yours*
